

# Wine List – Vintage Report

## Auckland and Waiheke

A late start to summer followed by some of the highest rainfalls ever recorded meant a challenge for white wines with Botrytis affecting a lot of early growths – however Syrah and Merlot were definitely the stand outs of 2009.

## Central Otago

A late start to summer followed by warm sunny days in late 08 early 09 meant a bumper crop for volume and great Pinot Noirs

## Canterbury / Waipara

A poor season resulted in low yields and some grapes picked early meaning smaller grapes – this however resulted in powerful intense flavours especially in the Pinot Noirs

## Gisborne

A cold winter in 08 and heavy rain in early 09 meant some crops had to be picked prematurely from lower yielding vines meaning a more open easy drinking fruity Chardonnay and Gewürztraminer

## Hawkes Bay

With the rains causing one of the earliest harvests on record the red wines of Hawkes Bay exhibit a low sugar but good acid balance making the Merlots and Syrahs some of the best in the last decade

## Martinborough

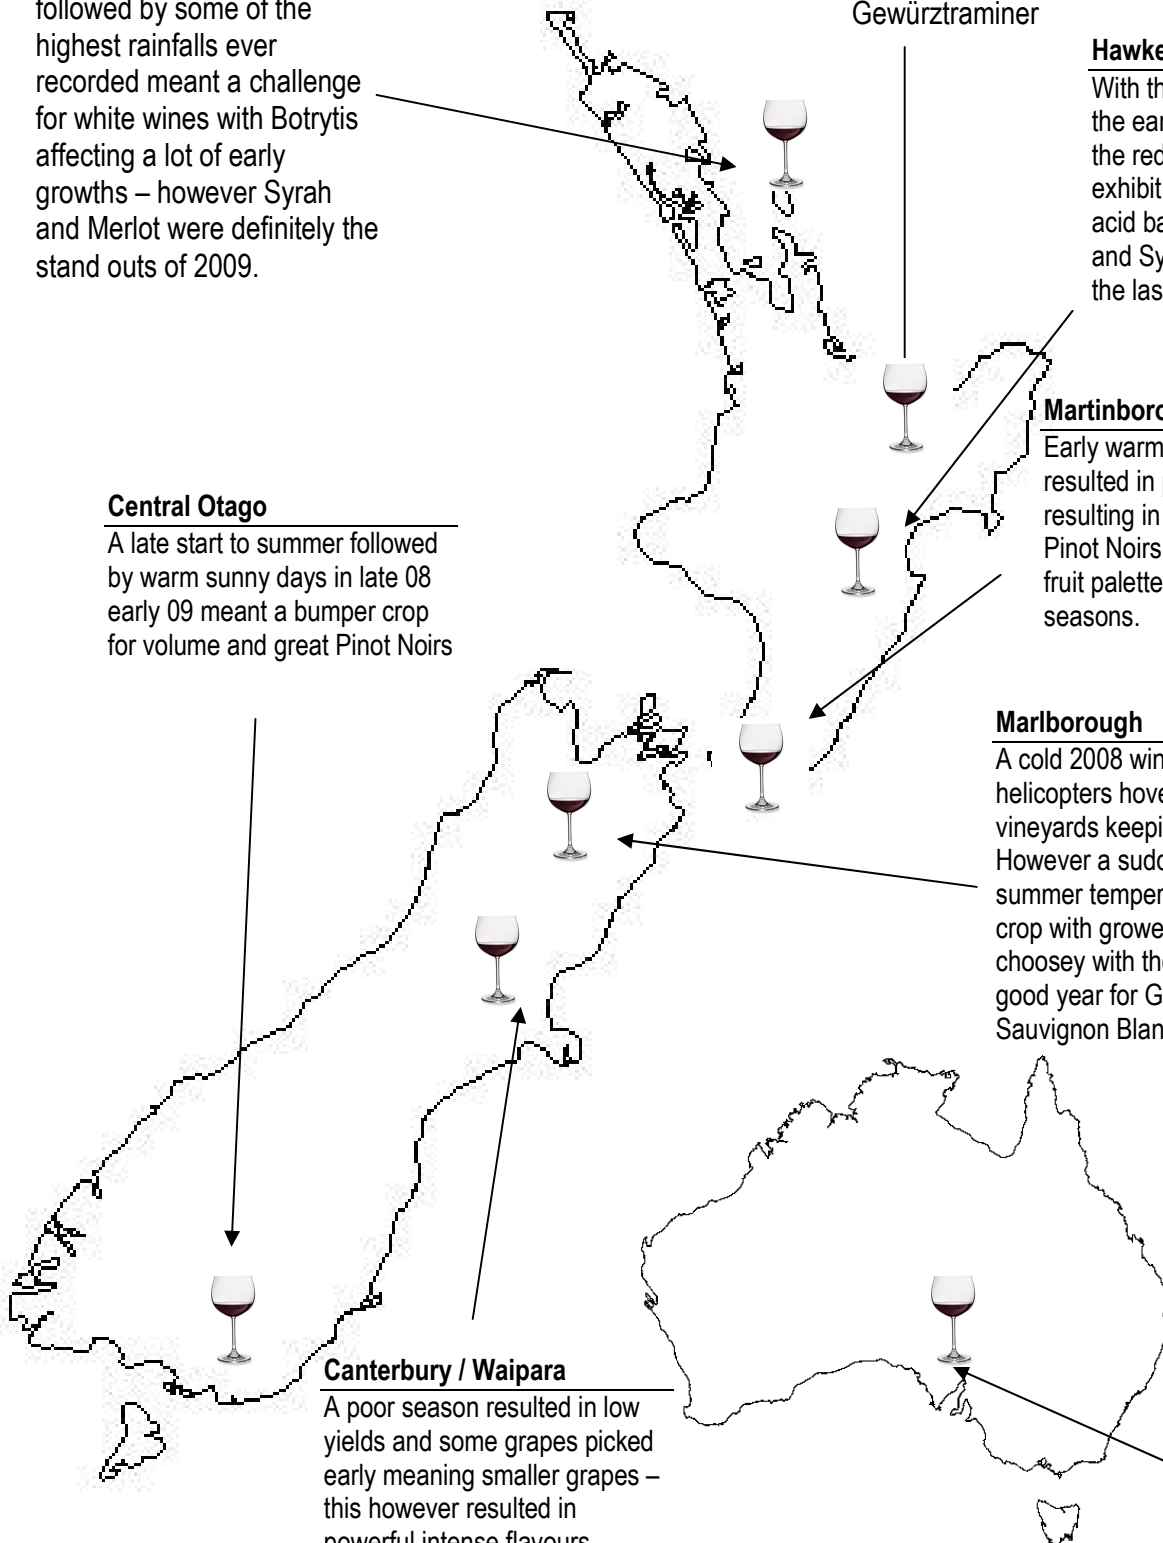

Early warm weather in 2009 resulted in premature picking resulting in tightly structured Pinot Noirs with less powerful fruit palettes than previous seasons.

## Marlborough

A cold 2008 winter meant over 100 helicopters hovered over Marlborough's vineyards keeping the frost at bay. However a sudden spike in 2009 summer temperatures meant a bumper crop with growers able to be more choosy with the grapes harvested. A good year for Gewürztraminers and Sauvignon Blanc

## Barossa Valley

Hot weather and little rain meant low yields but exceptionally powerful Barossa Valley Shiraz and Cabernet Wines

# Cocktails

---

## Apple Martini

Pure Absolut Vodka with a dash of lime and sour apple

\$14

## Pear and Ginger Daiquiri

Fresh pear and lime with Bacardi blended with crushed ice infused with a hint of ginger

\$14
